

Merit Badge	Pre-Requisites	Notes
American Labor		
Aviation		
CIT Community		
CIT Nation		
CIT World		
Communication		
Disability Awareness		
		<p>Be sure to pick up or order your Electronics Kit in advance. It is required at the first class. The type of kit depends on what you are interested in and what you may want to do in the future. Any kit that requires the student to “build a control, digital, or audio circuit” will suffice. Kits that require soldering are not required, therefore, Snapcircuits, Littlebits, and protoboard kits are acceptable as well as Arduino and RaspberryPi. A few places where kits may be found are: https://shop.littlebits.cc/collections/kits ; http://www.snapcircuits.net/ ; http://www.electronicsemb.com/index.html ; https://www.electronickits.com/ ; https://www.sparkfun.com/categories/157 ; https://www.adafruit.com/ If the kit you obtain requires a soldering iron, you may bring your soldering iron to class with your kit, but it’s not required. We will have some to use.</p>
Electronics	2B & 6	
Environmental Science	1, 2, & 4	It is recommended that Scouts are at least 1st class before taking this badge.
Family Life	3	Req. 3 must be started at least 60 days before first session in order to complete.
First Aid		
Moviemaking		
Salesmanship		
Signs, Signals, and Codes		

	Parts of requirements 1 and 3. Requirement 2.	<p>This will be an interactive merit badge and Scouts should come prepared to actively participate. ALL Scouts must stand up and perform to earn this merit badge. No judgements will be made regarding technique or skill level, they just must be willing to try and do their best and have fun. There are quite a few things the Scout must complete outside of class. Please make note of the words “<i>with your counselor’s approval</i>” and make sure you reach out to me BEFORE you begin that requirement. Great resources are listed in the merit badge pamphlet. 1. Prepare a short play or campfire skit that is at least 10 minutes long and bring a printed/written script to work on and turn in at the first session on February 5th. We will be performing some of them for the class in the second session. Please follow instructions on what to include and formatting found here: https://www.education.com/magazine/article/playwriting-101/ (this will fulfill req. #2 and will count as ONE completion for req. #3.) 2. Read a play and write a brief synopsis of the plot/story and discuss your opinion on the play: Do you like it? Why or why not? Who was your favorite character? Why? How did the setting help to tell the story? Etc. Bring a hard copy to the first meeting or email to jhwills@gmail.com (this will count as ONE completion for req.#1) 3. Requirements #1 & #3 may take a while to complete depending on what is happening in your school/community. You are welcome to begin these requirements now and will have until May 31st, 2022 to complete. Proof in the form of pictures, video clips and/or printed program must be submitted. Ideas on completing these requirements will be discussed at the first meeting.</p>
