

OFFICE CHARGE ACCOUNTS

The Del-Mar-Va Council provides a convenient pre-paid unit charge account service to accommodate packs, troops and venturing units in purchases at the Scout Service Center. Currently over 300 units participate.

Annually, at charter renewal time, each unit committee should fill out a new updated application to record names of persons authorized to make charges against the account. This is for the unit's protection. Also, council records can then be verified or corrected.

Please complete the attached application card and return with your unit's charter application on time, to insure no disruption in service.

If your unit does not have an account at this time, one may be opened by completing the application and returning it with a minimum deposit of \$25.00.

Thank you
